

Tohoku University Community

Tohoku University uses the Safety Confirmation System to ascertain the safety of students and staff during emergencies. In the event of a natural disaster, all students/staff are asked to please respond to the safety confirmation e-mail message.

► If you do not respond, the university will be unable to provide your family with any information if they contact us.

It will also delay the identification of people who really are missing and in need of search/rescue.

► Your responses will help Tohoku University classes/research resume more quickly.

Point 1

A safety confirmation message will be sent to the e-mail addresses you registered in the Student Affairs Information System (students), or Integrated Electronic Authentication System (staff). We ask that **you register a mobile address that you use regularly** so that we can contact you promptly in the event of an emergency.

Point 2

It is also possible to confirm your safety using a dedicated app.

Download and install the free Emergency Call app from the Apple App or Google Play Store. When configuring the connection settings, enter your Tohoku University ID and password to receive notifications from the app.

(If you change your Integrated Electronic Authentication System password, please change the password in the app as well.)

The screenshot shows the registration screen for the 'Emergency Call' app. It includes fields for 'URL(1)', 'URL(2)', 'User ID', and 'Password'. Below these fields is a checkbox labeled 'Save user ID and password' which is checked. At the bottom, there is a button labeled 'Register / Login'.

1. On the initial configuration screen, enter the below links, shown in blue, for URL (1) and URL (2).

URL (1): <https://asp34.emc-call3rd.jp/tohoku-univ/>

URL (2): <https://asp34.emc-call4th.jp/tohoku-univ/>

2. Enter your Tohoku University ID and password, then tap the "Register" button.

※ We recommend turning on "Save user ID and password."

3. The notification history screen will be displayed. This concludes initial setup.

University-wide safety confirmation training will be held during the 2020 academic year on November 11. All students/staff are asked to please respond to the safety confirmation message.

*The drills will be held even in the event of real small/moderate earthquakes (the test message will be sent as long as any actual earthquakes are less than 5-upper on the JMA seismic intensity scale).

Change Student Information

Staff

Safety confirmation messages will be sent to the address you set in "E-mail address(TU Mail)" and "Optional E-mail address" and "E-mail address(private)."

For Staff

Login with your Tohoku University ID

Integrated Electronic Authentication System

TU Mail

The university will send safety confirmation messages to the address you enter here.

If you receive a safety confirmation notification by e-mail, open the URL shown in the message. Simply select your responses on the online form to report your safety status.

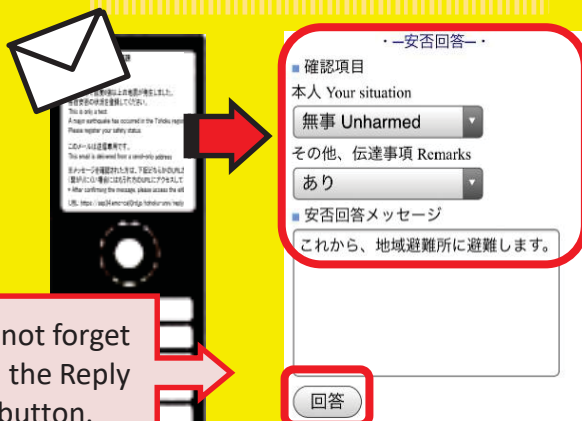

Safety confirmation messages will always be sent from tohoku-univ@anpi.tohoku.ac.jp.

Please set up your e-mail filters to accept messages from this domain.
