

2.2.2 Setting Up with Phone Number (SMS)

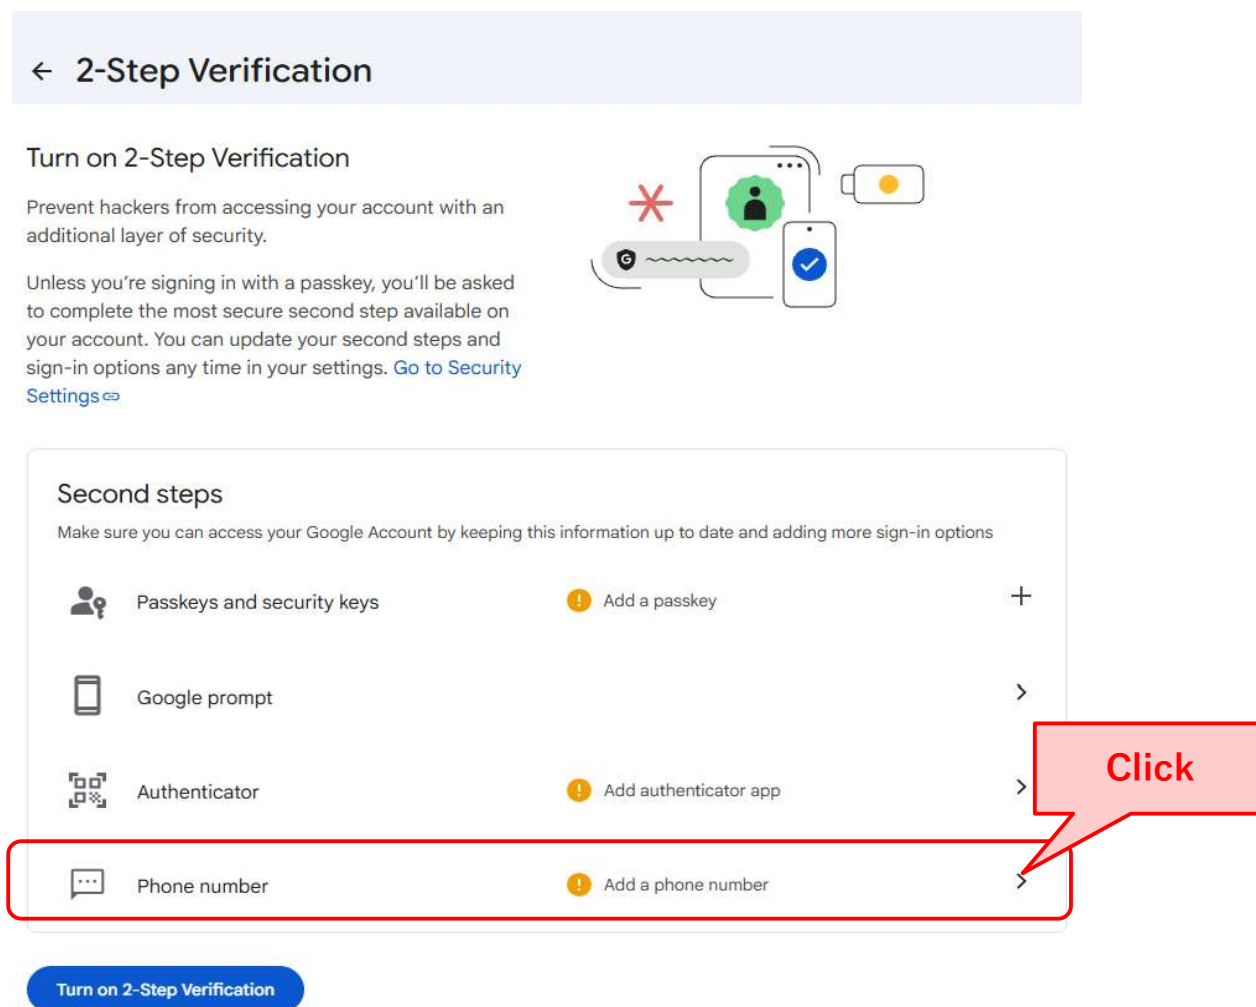

SMS is a method of receiving a verification code sent to your registered mobile phone number.

Intended Users

- Users who cannot use an authenticator app.
- Users who have a mobile phone or smartphone capable of receiving SMS messages.

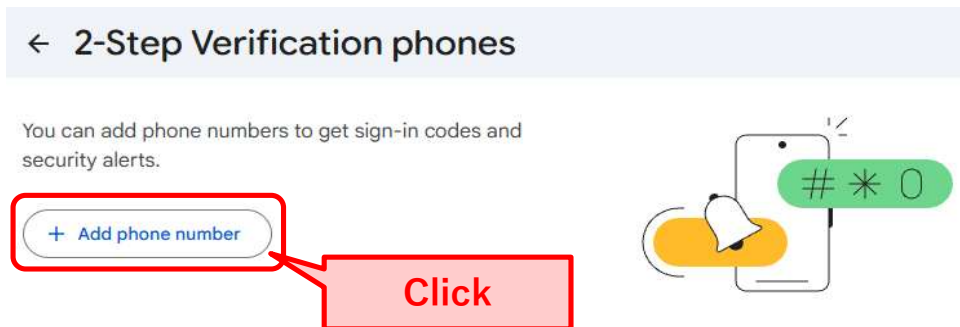

Setup Procedure

1. Complete "2.1 Preparing for Multi-Factor Authentication" and open the "2-Step Verification" screen.
2. Select "Phone number".

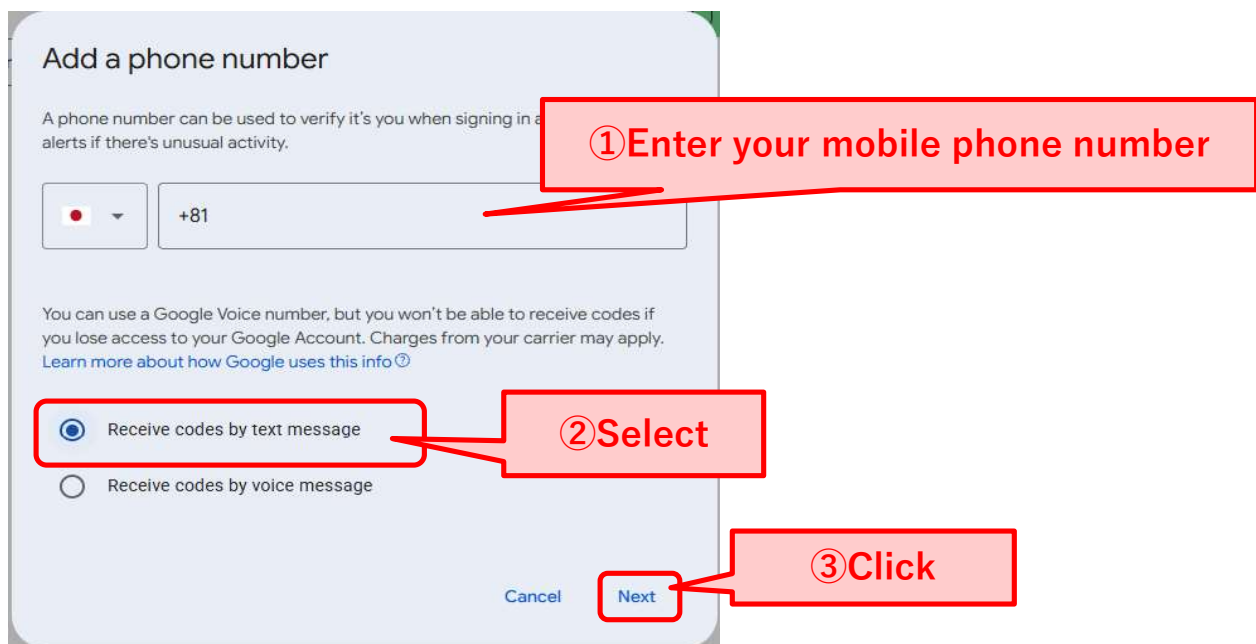

2.2.2 Setting Up with Phone Number (SMS)

3. Click "Add phone number".

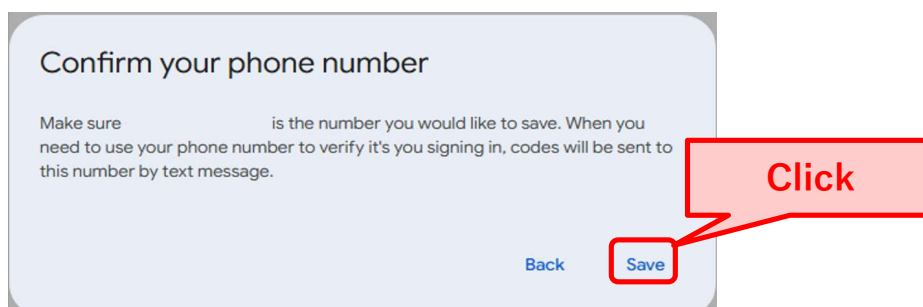

4. After entering your mobile phone number, select "Receive codes by text message" as the delivery method.

5. Select "Next".

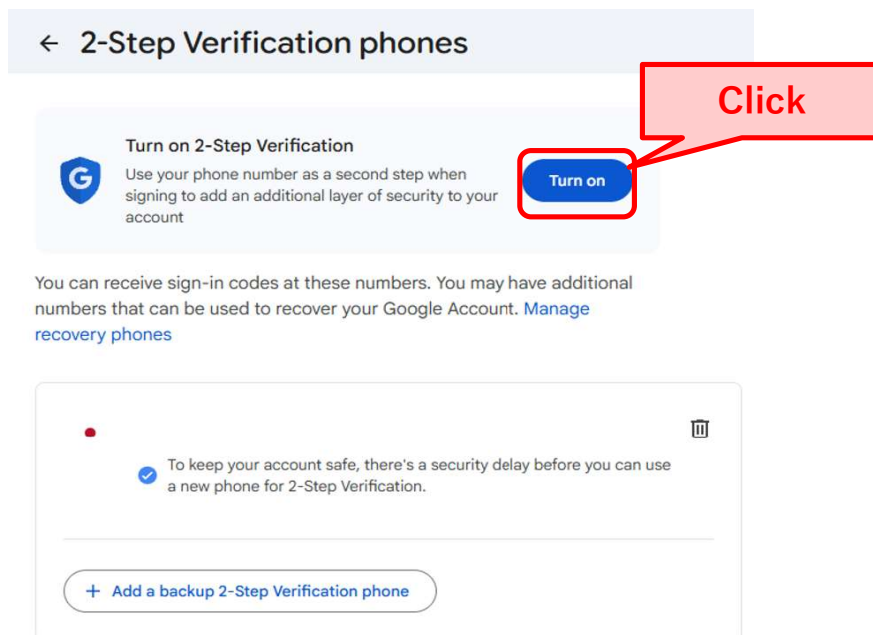

6. Click "Save" from "Confirm your phone number".

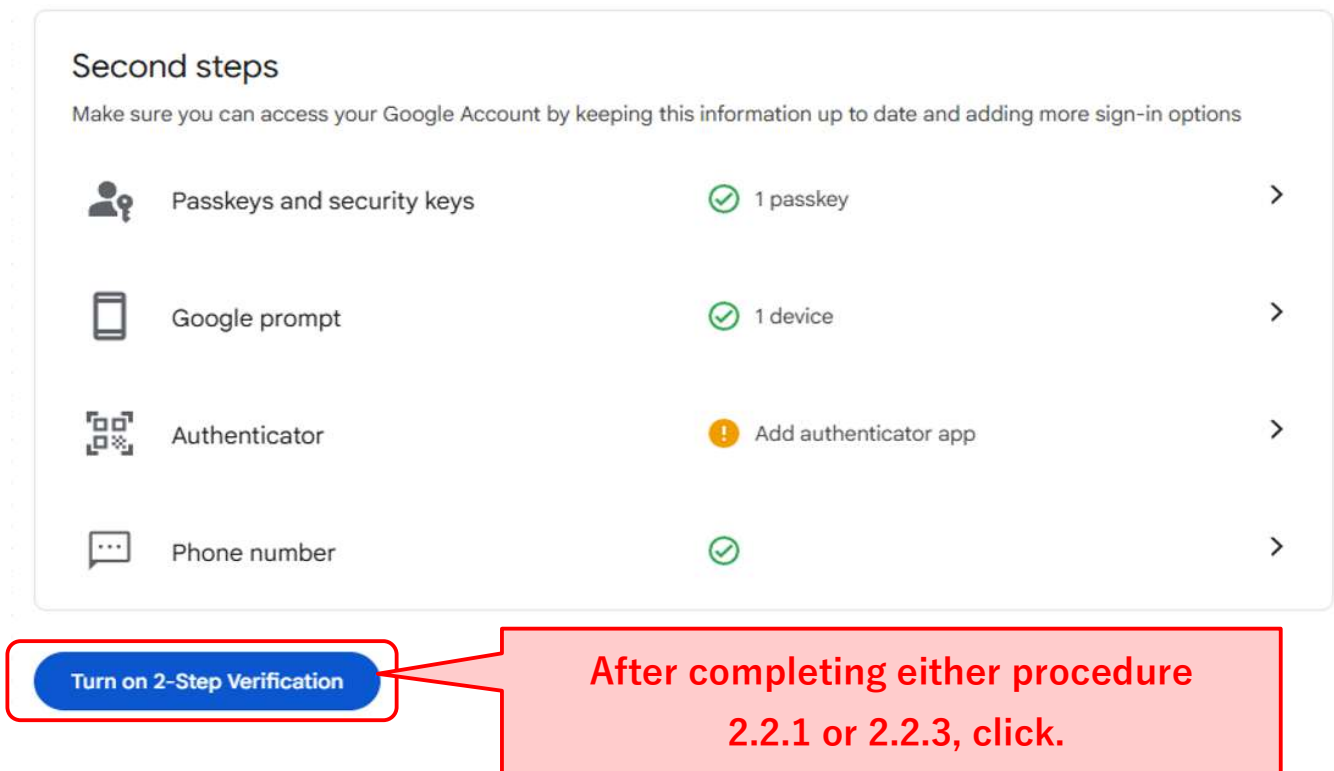

2.2.2 Setting Up with Phone Number (SMS)

7. Click "Turn on".

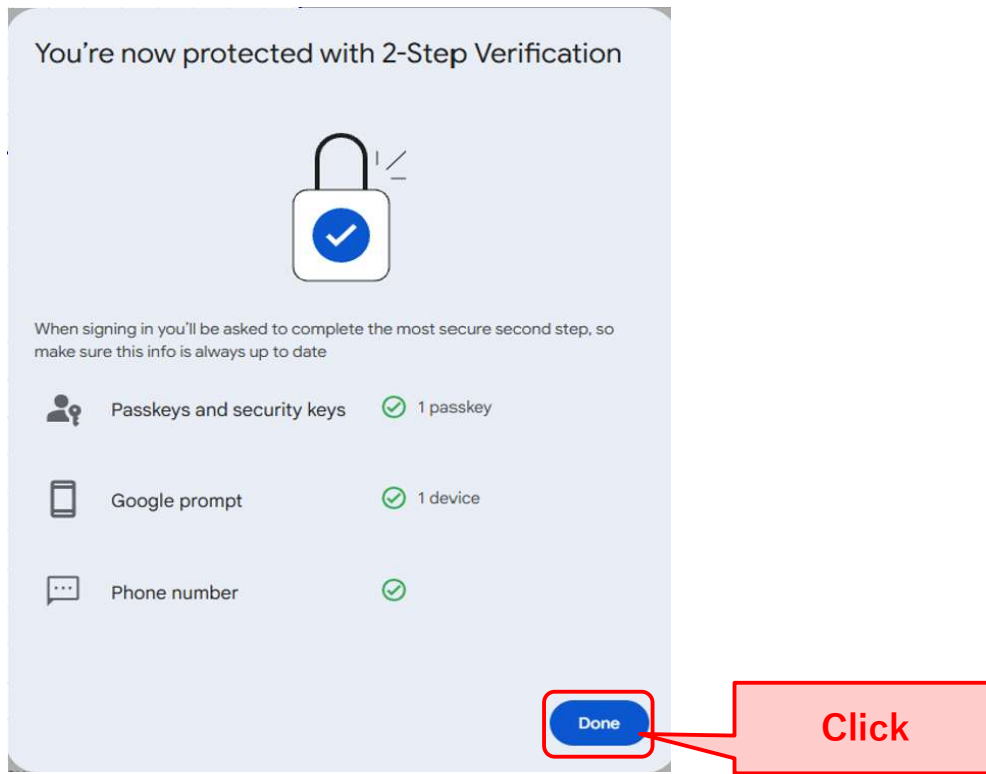

8. Select "Turn on 2-Step Verification".

Regarding 2-Step Verification, in addition to this procedure, please also complete either procedure 2.2.1 or 2.2.3.

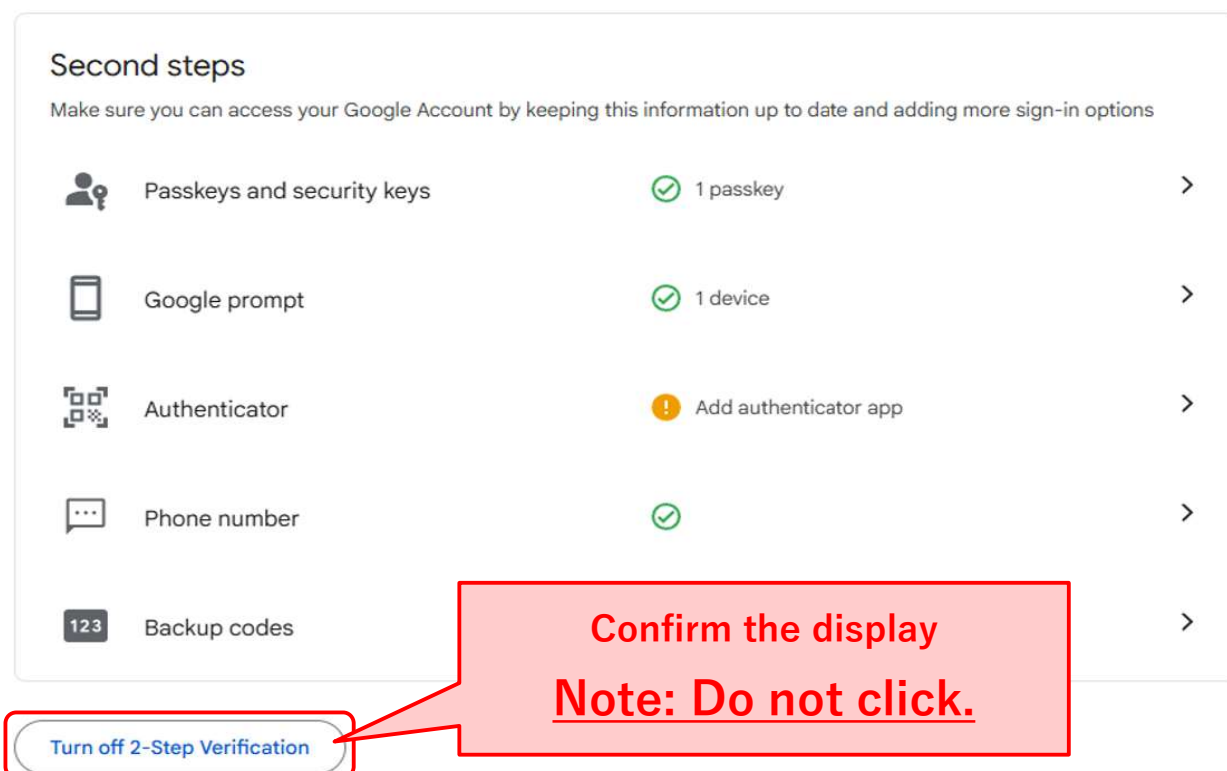

2.2.2 Setting Up with Phone Number (SMS)

9. Select "Done".

2.2.2 Setting Up with Phone Number (SMS)

10. Confirm that "Turn off 2-Step Verification" is displayed.

If "Turn off 2-Step Verification" is not displayed, the setup is not complete. Please check the steps again.

This concludes the setup for "2.2.2 Setting Up with Phone Number (SMS)". Please refer to the following pages for the login procedures using SMS.

In addition, please be sure to complete "2.2.5 Setting Up Backup Codes" to prepare for unexpected circumstances.

2.2.2 Setting Up with Phone Number (SMS)

Usage Procedures

1. Enter your email address and password on the Google login screen.
2. If the "Get a code to sign in" screen appears, select "Try another way".

3. If you are prompted for a login method, select "Get a verification code at ...".

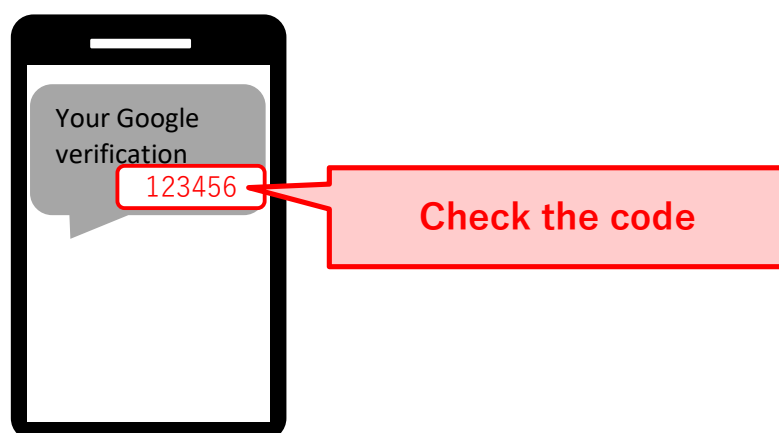

2.2.2 Setting Up with Phone Number (SMS)

4. Enter the phone number registered under "Phone number" and select "Send".

The screenshot shows the Google 2-Step Verification setup interface. At the top, the Google logo is followed by the heading "2-Step Verification". Below this, a message states: "To help keep your account safe, Google wants to make sure it's really you trying to sign in". A dropdown menu shows the email address "@tohoku.ac.jp". To the right, there is an illustration of a smartphone with a yellow bell icon. The section "2-Step Verification" is followed by "Get a verification code". A note says: "To get a verification code, first confirm the phone number you added to your account ****. Standard message and data rates may apply." Below this is a text input field labeled "Phone number". A red box with the text "① Enter your registered phone number" points to this field. Below the input field is a checkbox labeled "Don't ask again on this device". A red box with the text "② Uncheck as necessary" points to this checkbox. To the right of the checkbox is a link "Try another way" and a blue "Send" button. A red box with the text "③ Click" points to the "Send" button.

5. Check the verification code sent to your mobile device via SMS.

2.2.2 Setting Up with Phone Number (SMS)

6. Enter the verification code received via SMS into "Enter the code" and select "Next".

The screenshot shows the Google 2-Step Verification interface. The Google logo is at the top left. Below it, the text "2-Step Verification" is displayed. A message states: "To help keep your account safe, Google wants to make sure it's really you trying to sign in". Below this, there is a dropdown menu showing "@tohoku.ac.jp". To the right, a text message says: "A text message with a 6-digit verification code was just sent to". Below this, there is a text input field labeled "Enter the code" with the code "123456" entered. To the right of the input field is a checkbox labeled "Don't ask again on this device". At the bottom right, there is a "Next" button. Red annotations highlight the input field with the text "① Enter the verification code", the checkbox with the text "② Uncheck as necessary", and the "Next" button with the text "③ Click".

Note: If you do not receive the SMS, select "Resend it".

The screenshot shows the Google 2-Step Verification interface. The Google logo is at the top left. Below it, the text "2-Step Verification" is displayed. A message states: "To help keep your account safe, Google wants to make sure it's really you trying to sign in". Below this, there is a dropdown menu showing "@tohoku.ac.jp". To the right, a text message says: "A text message with a 6-digit verification code was just sent to". Below this, there is a text input field labeled "Enter the code" which is empty. To the right of the input field is a checkbox labeled "Don't ask again on this device". At the bottom left, there is a "Resend it" button. At the bottom right, there is a "Next" button. Red annotations highlight the "Resend it" button with the text "Click".

6. Login is complete.

Next, please be sure to complete "2.2.5 Setting Up Backup Codes".
