1. Login to New TUMail
1.3 Pre-settings for lost passwords

This item explains how to register information for resetting yourself if you forget your e-mail password. If you do not make this setting, if you forget your email password, it will be administrator response. (Available time: From 9 to 17 on weekdays)

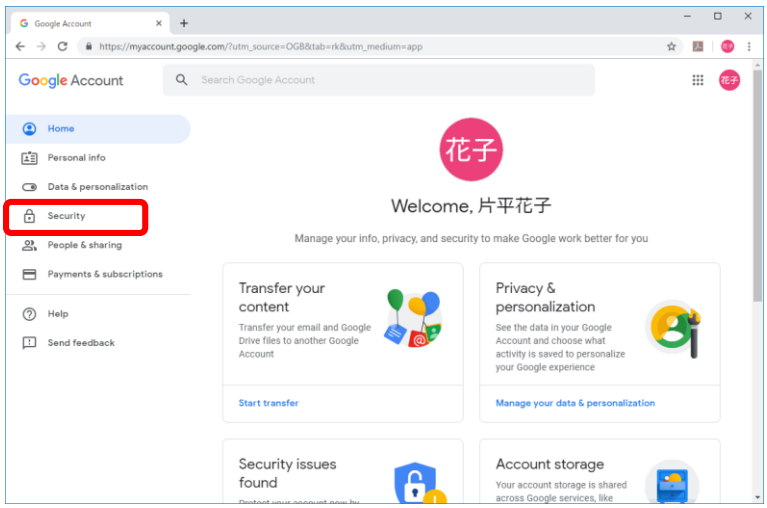

1. Log in to New TUMail (Gmail), and click the Google application icon.

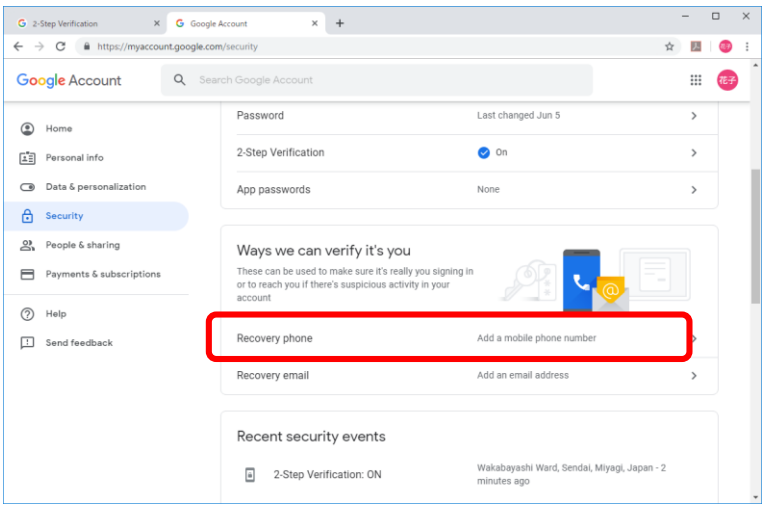

2. Click the Google Account icon.

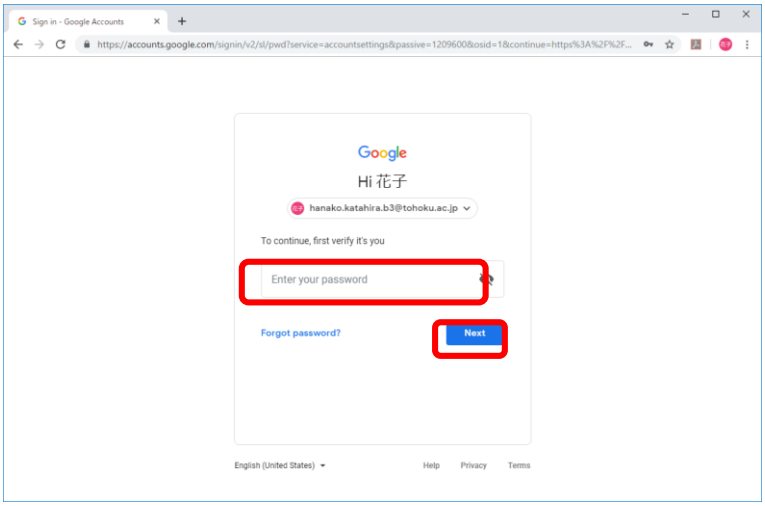

3. Click on the Security tab.

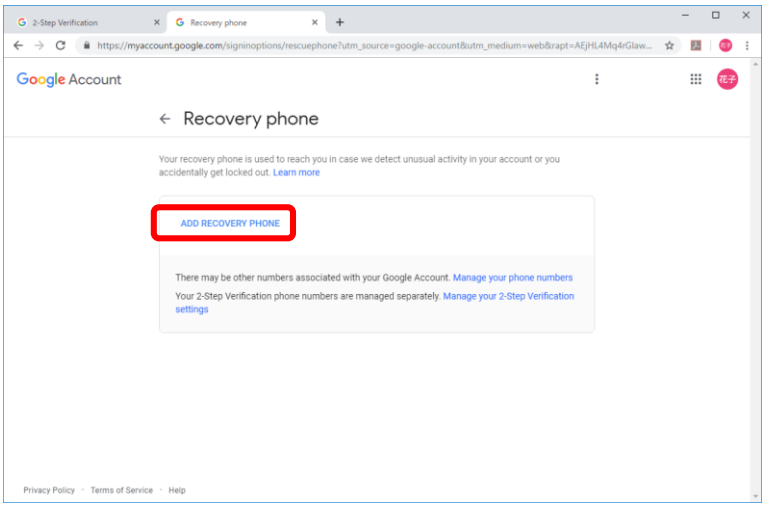

4. Click "Recovery phone".

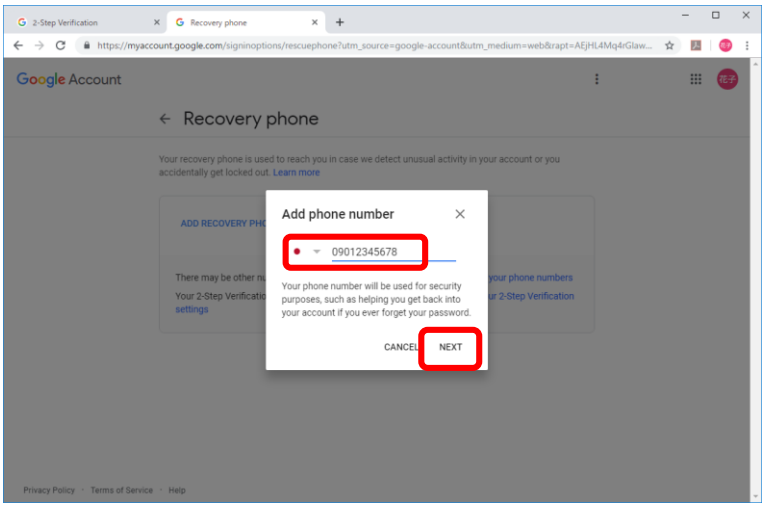

5. Enter your TUMail password and click Next.

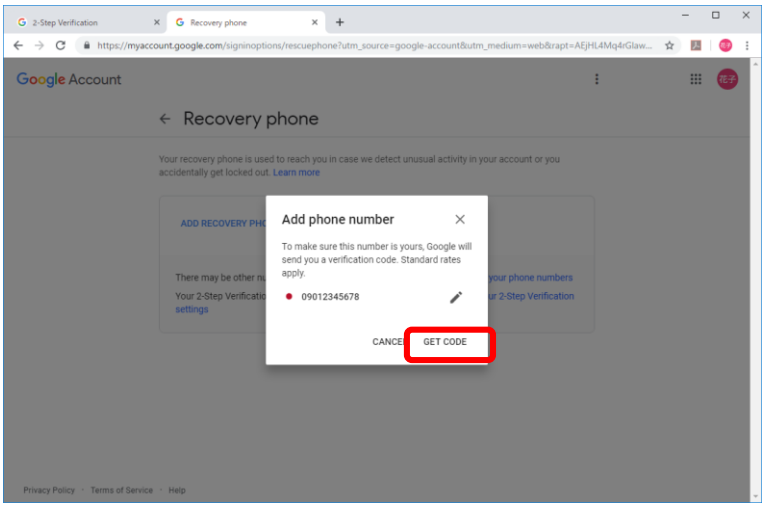

6. Click “Add recovery phone”.

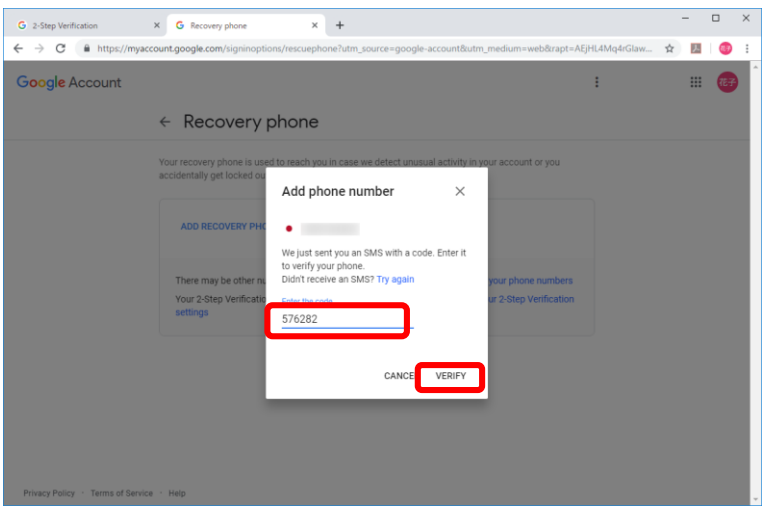

7. Enter your phone number in “Add phone number” and Click “Next”.

8. Click “Get Code”.

9. The code will be sent by SMS to the registered phone number, and the code input screen will be displayed. Enter it and click “Verify".

10. Confirm that the phone number has been registered.
