4 Mail forwarding setting

4.1 From new TUMail to other mail forwarding setting
4.2 Current TUMail forwarding setting deletion

4. Mail forwarding setting
4.1 From new TUMail to other mail forwarding setting.

This item explains how to set up forwarding from New TUMail (Gmail) to other email address.

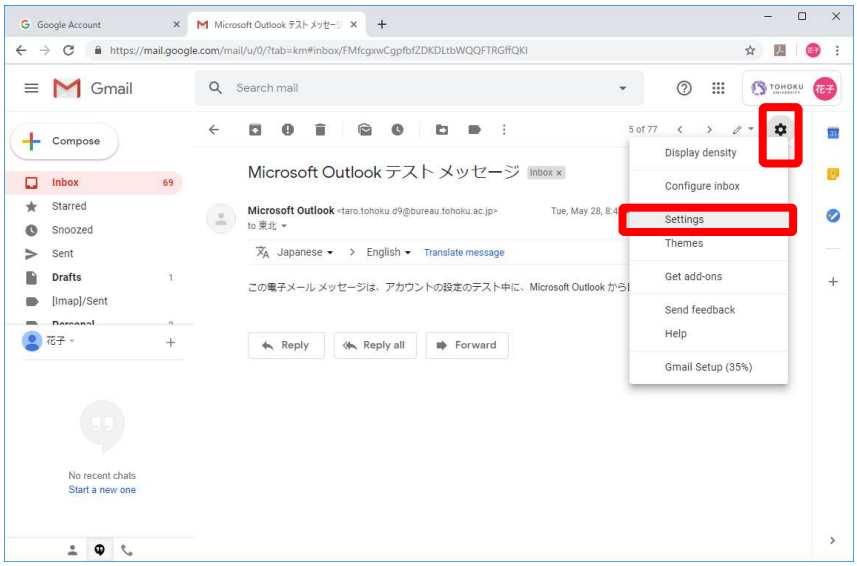

【Caution】 “●●@tohoku.ac.jp”
About forwarding setting to (other Tohoku Univ. email account)

New TUMail (Gmail) can not forward to “●●@tohoku.ac.jp” until July 31st. (Registration itself is possible, but it will not be forwarded and an error message will be returned.)
It will be forwarded normally from August 1st, so please register at the end of July.

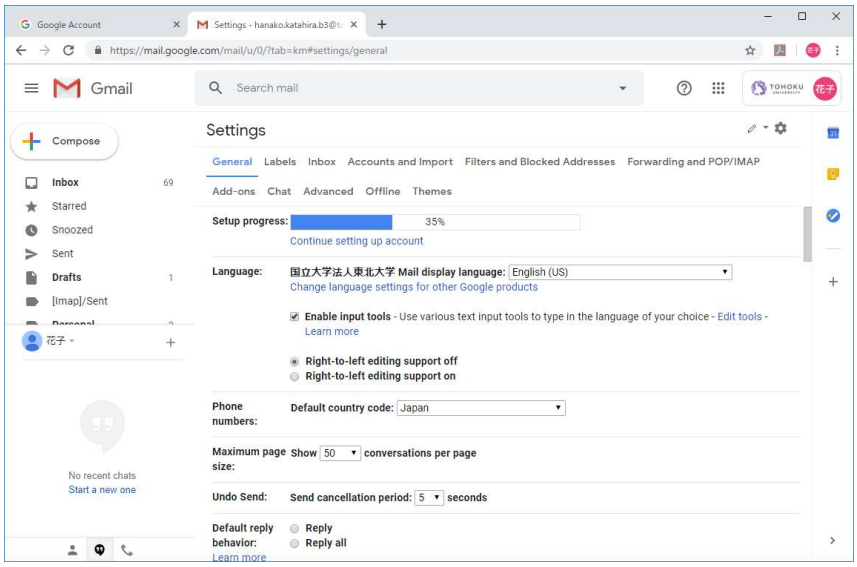

Please forwarding email to “●●@tohoku.ac.jp” until July 31 for the current TUMail.

4.1 From new TUMail to other mail forwarding setting

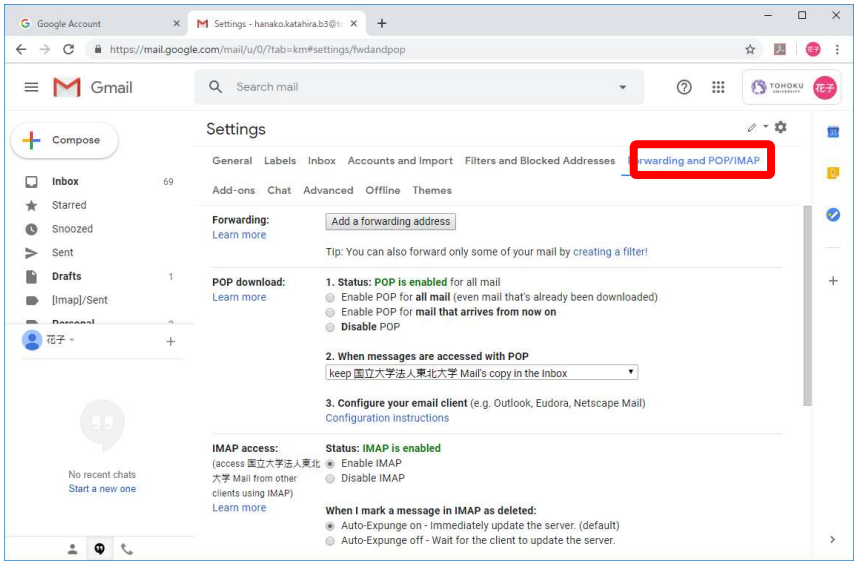

1. Click the gear icon and click “Settings”.

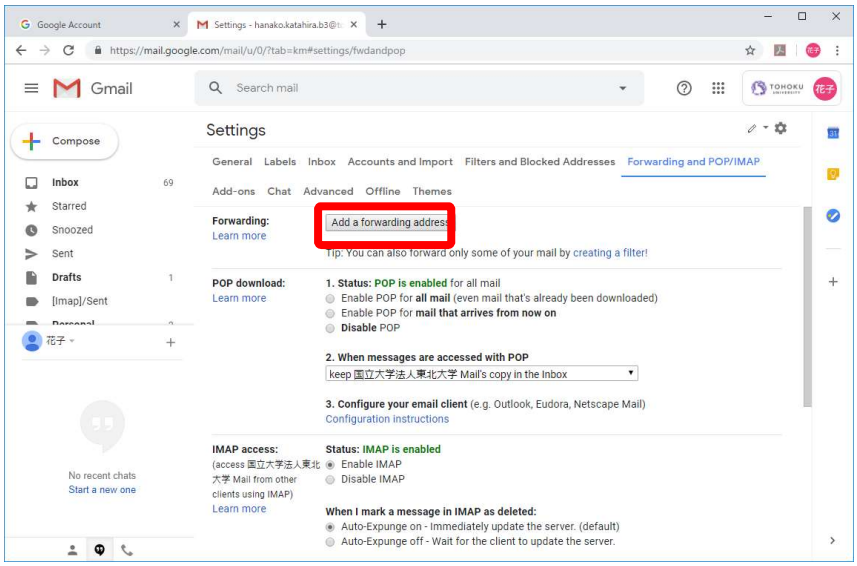

2. The screen is displaying Settings.

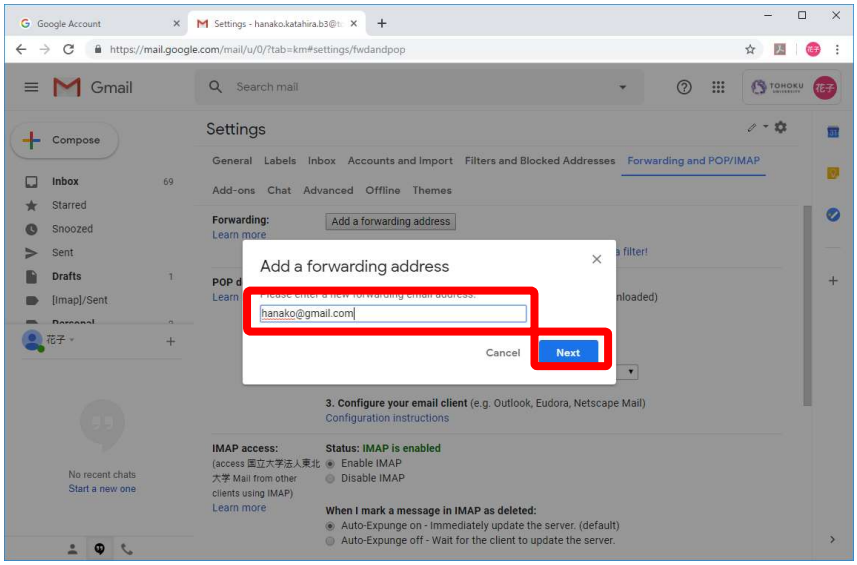

3. Click the “Forwarding & POP / IMAP” tab.

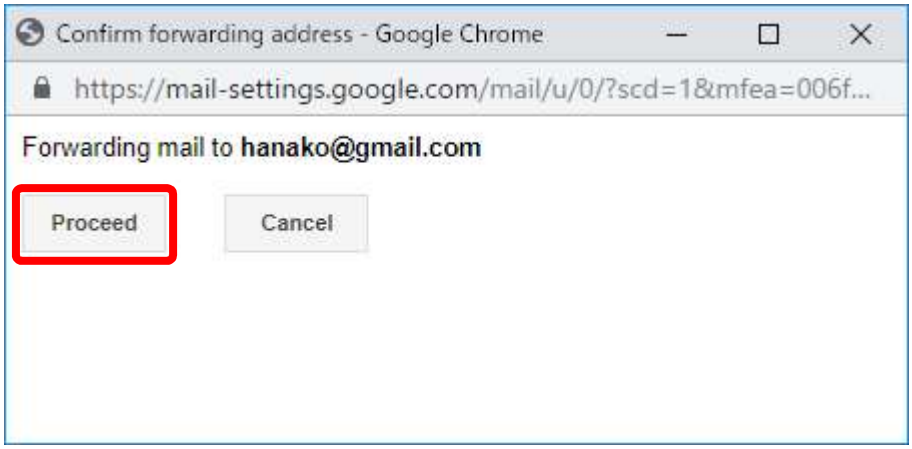

4. Click Add “Add forwarding address”.

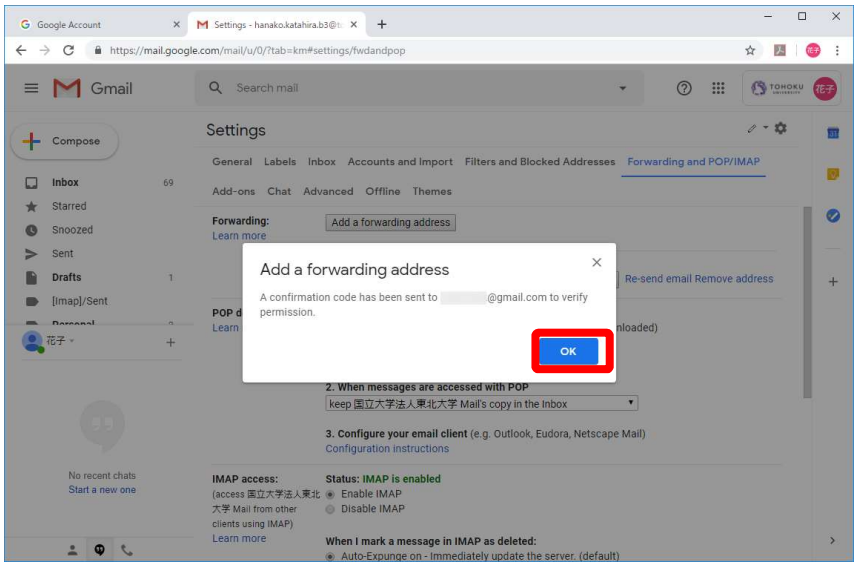

5. Enter the “Add forwarding address” and click "Next".

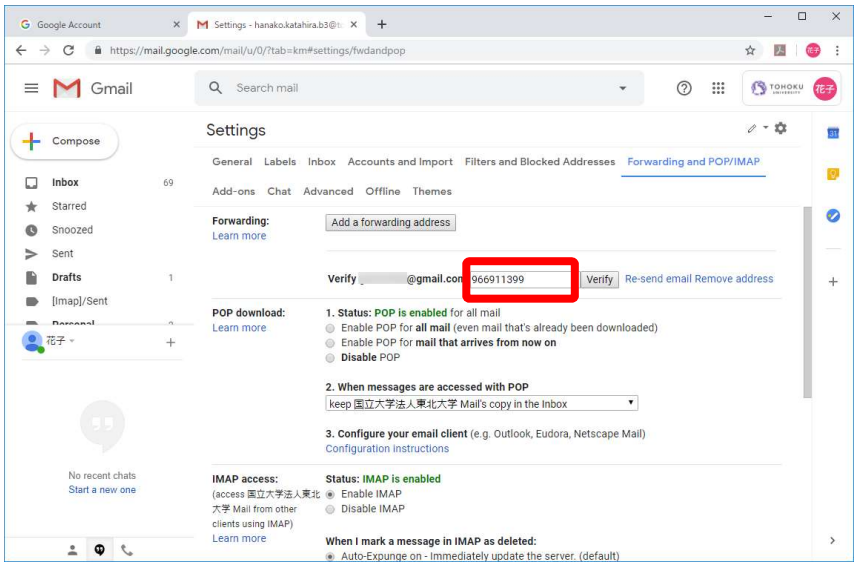

6. A confirmation screen will be displayed. Click “Proceed".

7. The confirmation code transmission screen will be displayed. Click "OK".

8. A confirmation code will be sent to the forwarding address. Enter it and click “Verify".

9. Confirm that the following screen will be displayed, and confirm that email will be sent to the forwarding email address.
